The GURUS of HOW TO

**America Go Forth & Fix
Save Energy & Do It Safely®**

Al and Larry Ubell (the "Gurus of How-To") have inspired millions of hesitant homeowners to become confident and capable home improvement do-it-yourselfers.

From fixing leaky faucets to finishing floors, replacing broken tiles to maintaining air conditioners, if you have a problem, the Gurus have the solution.

Their energy and dynamic personalities, combined with a keen sense of humor, have transformed thousands of the home-repair challenged to confident and capable home improvement enthusiasts.

Tune into WNYC for home repair advice that's not only informative, but lots of fun too.

And remember, as the Gurus say, **"Go Forth & Fix, Save Energy, but Do It Safely!"**

Al and Larry Ubell's company, Accurate Building Inspectors is one of the most respected and successful home and building inspection firms in the state of New York.

As always, **"Dedicated to Quality & Safety in Housing & Construction"®**

If you could not get through to ask your question over the air, ask via e-mail at gurus@accuratebuilding.com. Be sure to include your phone number.
